Take 9 A beauty for buffet and boogie events

When grand-sized groups hit the water, the size and scale of the **Harbour Cruise – Bauhinia** is ideal for the biggest of events. The company's four, twin-decked vessels cater for groups that need a fully functioning event space on the water. The fleet seats about 350 guests in banquet mode, with a bandstand, dance floor and bar included.

With their 280-sqm size, the boats are hired regularly for dinner-dance events but Harbour Cruise – Bauhinia has executed top-flight charters for the East Asian Games cocktail party, the Olympic Rings Lights Up Ceremony, and the Miss Chinese International Pageant. And while size does matter, it's panoramic view that keeps guests entertained.
